WILLIAM RIPLEY, JR.
Superintendent of Schools

WE the class of 1953 dedicate our yearbook to William Ripley, Jr., who for eleven years has been the captain of our ship of knowledge. We now realize that he has guided us safely through the treacherous channels of ignorance into the broad waters of self-reliance. Our friend and counselor during these formative years, he has earned our fond respect. His understanding guidance and sincere interest in the welfare of each of us we recognize and appreciate. With his discerning judgment and helpful suggestions we have charted our courses. Now as we venture upon an uncharted sea, we are confident that Mr. Ripley's help and direction have prepared us to weather the storms of life.

SENIOR PROPHECY

Up into the wild blue yonder soars the plane that will carry me back to New York after attending a medical convention in Europe. As I glance at the cockpit door, I see the name of the pilot, James Brown, and I rest assured that my flight home is in good hands. For lack of something to do, I pick up the morning edition of the *New York Evening Sun.* While glancing through the pages, I see Ann Simeone's gossip column. Let's see who is making news in New York.

Bill Reid, famous private eye, cracks case that has been baffling New York police for over a year. For the complete report on how Reid exposed the criminals, tune in to Shirley Salvador's new television show, Racket Busters, which can be seen over station WYPONACXORL T.V.

Rose Emanuello, coach of the country's first women's football team, leads her team to victory over the Cohasset Skippers, 99 to 7.

History was made yesterday when Benjamin Levine and Sir Walter Dow flew the first successful rocket ship to the moon.

Last evening marked the opening of the fabulous night club, The Golden Bubble. Owner William McAuliffe entertained his guests with that sensational, up-and-coming comic, Ed "Chuckles" Mulvey. Also on the program was Forrest Robinson, who gave a spectacular performance with his roller skating act. Don Pratt and his orchestra supplied the music for dancing which made an enjoyable evening for all.

Among the celebrities who attended the premiere were Governor and Mrs. Lagrotteria. Admiral John H. Barrett was there with his fiancée, Joanne Rockefeller, the great-granddaughter of John D. Rockefeller. The Club was honored to have Nancy Coggan as its guest. Miss Coggan has left MGM Studios to start a new series of her own television shows.

Ruth Stover was given a tremendous ovation from her fans when she landed at La Guardia yesterday after returning from the Olympics in Europe.

Norman Frates astonished the whole country when he returned from Lake Titicaca with a bald headed rhinoceros. The famous game hunter will lead his next expedition in Africa.

SENIOR PROPHECY

Ralph Nason is convalescing at his home after getting a flat tire in the 1100 mile bicycle race.

Girls, have you been spending endless hours thinking of ways to make your next party a success? Your worries are over. For only $9,999.53 Katherine Pagliaro and associates will come to your home and plan a party that all New York will rave about.

Thomas Guerra, manager of the City Slicker Hockey Team, told the press today that after securing the contract of his star player, Richard DeCosta, the team is ready to face another victorious season.

On the news stands today is a book entitled, "How to Be a Career Girl, Wife, Mother, and Be Happy in 77 Easy Lessons." This book is written by America's best dressed woman of 1963, Grace Saprito.

After five years of faithful service as stewardesses for the Pan American Airways, Miss Patricia Carey and Miss Patricia Grassie were honored at a luncheon yesterday given for them by their employers.

Phyllis Rose, buyer of women's apparel for Saks Fifth Avenue, has just returned to New York after a two months' vacation in Bermuda.

Congratulations are in order for Barbara Donovan, director of the choreography for the Broadway musical hit "North Atlantic". The costumes for the show were designed by the lady of fashion, Sigrid Carey.

In the political world — Stephen Wigmore and Louis Simeone are anxiously waiting for the votes to be counted to determine who will be the next Commissioner of Highways in our fair city.

Margaret McLellan, R.N., B.S., will take her position as Superintendent of Nurses at the Clifford Mercy Hospital when the director of the hospital, Dr. Carl C. Hoss, returns to New York. Dr. Hoss is expected to arrive at La Guardia Airport today after attending a medical convention in Europe.

"Carl Hoss! That's me."

Class business officially began at our first class meeting, when we elected the following officers:

Norman Jason .....President
Robert Ripley .....Vice-President
Ann Revelle .....Secretary
Meredith Parsons .....Treasurer

These officers are each holding the office that they held last year. Donald MacNeil and Norman Jason are our student council representatives.

This year we were especially proud to have Ann Revelle, Doris Jason, Meredith Parsons, and Hans Koehler elected to membership in the National Honor Society. For his outstanding performance on the football squad, Bernard Sweeney received the WCOP Award.

The business we have taken up includes the ordering of our class rings. We also sponsored a successful Christmas Dance, which was originated by our class last year. In May our class will sponsor the annual Junior Prom. For the last two years we have sold coke at the basketball games, and this enterprise has proved highly profitable.

To our class this year we wish to welcome Margaret and Priscilla Fraser, who have moved here from Scituate.

We have experienced a very pleasant and profitable year, and we are looking forward to being seniors with great anticipation.

Of course our Freshman year was exciting and important, for we had just entered a new school and it was also our first year of senior high. But being wise old sophomores is even more fun. Six new classmates make up for the three that we lost.

Our first class meeting in the Freshman class brought forth these results: Walter Howe was elected as our student council representative. This year's officers are as follows:

Janice Cowdrey	President
Marcia James	Vice-President
Hope Truesdell	Secretary
Russell Pratt	Treasurer

Sports and other school activities are participated in by a majority of our class. We're expecting Hope Truesdell and Marcia James to really boost the Press Club, so that eventually we may have a paper ourselves. This year's first year French class, which was unusually large, has made the French Club quite a bit larger.

We the class of 1955 wish the graduating class the best of luck.

HISTORY OF THE CLASS OF 1956

Best Personality	David Truesdell	Jane Wilmore
Most Likely to Succeed	James Shyne	Carolyn Casady

Forty-five Freshmen assembled in Room 15 at the beginning of the school year, thereby distinguishing themselves as the largest class in high school. Guiding us through the frenzies of freshman days is Mr. Harris, who is also our social science teacher.

At a class meeting held in the fall we elected Bradford Tite, President; Richard Sullivan, Vice-President; Alberto Meallo, Treasurer; Jane Wilmore, Secretary. Student Council posts went to Judith Ingram and Bradford Tite.

Our class has been happy to welcome six new members this year. Born in Barcelona, Spain, Peter Giepen has lived in New York City and Nantucket before coming to Cohasset. William Hanlon, a native of Jersey City, prefers New England to the South, where he lived for two years. Alden Bradley, who came to us from Amherst, Massachusetts, is delighted to be living near the salt water. He anticipates a very pleasant summer vacation. Carolyn Casady says, "I love Cohasset. The town itself is beautiful and everyone is so friendly." Having lived in the West, Jane Waterman compares favorably the people of New England with those of "Out where the West begins." Barbara Salvaggi, too, has only kind words for both town and school. Before coming to Cohasset, Barbara attended Central Junior High in Quincy.

The big event on our social calendar was a Halloween party where fun for all was the order of the evening. We are looking forward to other socials in the spring.

FIELD HOCKEY

The sticks clicked together as the 1952 field hockey season was off to a start. The team consisted of thirteen players, all of whom worked together very well. They tried very hard to win a game but did not succeed. Although they lost four games and tied three, they accepted the results in a sportsman-like manner.

Only one player will be lost by graduation; so next year Cohasset should have a championship team.

Marion Meehan, Janice Cowdrey, and Jerry McLaughlin were the only scorers with one goal each.

Peggy McLellan was the manager of the team, with Ruth Stover as captain. The squad consisted of Marion Meehan, Shirley Meehan, Helen Salvador, Janice Cowdrey, Jerry McLaughlin, Nancy Lawson, Judith Ingram, Jane Waterman, Carolyn Casady, Paula Grassie, Paula Carolan, Marjorie Howe, and Barbara Taylor.

FOOTBALL

With only six players returning from last year's squad, Coach Dorr had his hands full of youngsters who had no previous football experience. This and the fact that all through the season he was confronted with injuries to key men made this season one which Coach Dorr will hope to better next year.

Even though we had a winless season, there were a few bright spots to look back on. The most important one was Norm Frates' all-around play and his being elected to the South Shore All-Scholastic Team. Bill Reid, a senior playing football for the first time, also won an All-Star berth.

The spirit of the townspeople has helped the boys tremendously. To show how much they appreciate that backing, the boys will be out next year with the determination to win.

Coach Dorr has some very fine potentials to work with during the next few years. We the graduating class of "53" wish him and the future teams the best of luck always.

GIRLS' BASKETBALL

As the ball swished into the basket, the basketball season was off to a start. The team was made up mostly of juniors and two seniors.

They had a successful start and could have been successful all the way through if they hadn't lost two of their first team players in the middle of the season.

Although the team won six and lost eight, they totaled 402 points this season with Shirley Salvador high scorer with 227 points followed by Connie Longo with 87.

The first team was made up of the following players: Nancy Coggan and Shirley Salvador co-captains; Connie Longo, Carolyn Ferreira, Helen Salvador, Patricia Marks, Marion Meehan, Shirley Meehan, and Helen Beal.

BOYS' BASKETBALL

With the 1953 season getting underway, Coach Dorr was again handicapped with injuries to key men. Playing the first two games without the assistance of Bernard Sweeney and Carlo Lagrotteria, Cohasset was off to a poor start. With Bernie and Lag back, Coach Dorr's team began to roll.

After winning two of their next four encounters, four first-stringers were idle with injuries or illnesses. Despite this fact, Cohasset went on to complete a fairly good season of winning three and losing eleven.

Although Cohasset had a losing season, we can be proud of Norm Jason's average of 21.7 points a game. His average was third best in the league.

Norm will be back next year along with Hans Koehler, a brilliant center, and Ed Wadsworth, a promising Sophomore. Bernie Sweeney one of the league's best shooters, will return along with these three.

Cohasset would be close to the top next season with these four lettermen returning.

BASEBALL

The season of "52" was one of the greatest in the sports history of Cohasset High School. In this year we had an undefeated season in league competition. The high lights of this season's play were Bob Sweeney's no-hitter against our arch rival, Scituate, and Louis Figueiredo's .500 batting average.

Hoping to duplicate last year's mark, we shall have to work extra hard, for only three letter men will be returning. Consequently, Coach Dorr will be fielding a team of novices, except for two starters of last year's team.

Though not too potent at bat, Cohasset expects to make an impressive record because of the spirit and hustle of the team. With these assets, the team has great potential ability, so Cohasset should have a good baseball team for years to come.

STUDENT COUNCIL

To speak for the whole student body is the aim of the Student Council, and to accomplish anything that will better their welfare is its goal.

The Student council members are elected by their respective homerooms at the start of the school year. The junior high is allowed one representative for each grade, whereas there are two representatives from each high school grade. Brian Anglin speaks for the seventh grade, and Paula Grassie represents the eighth grade. Mr. J. Edward Harris is our advisor. The senior high members are as follows:

Freshman	Bradford Tite Judith Ingram
Sophomore	Edward Wadsworth Janice Cowdrey
Junior	Norman Jason, Vice-President Donald MacNeil, Corresponding Secretary
Senior	Carl Hoss Norman Frates, President Nancy Coggan, Secretary

Our activities were few, but successful. Early in the fall we sold bookcovers and on February 19, 1953, we held a Record Hop in the school cafeteria; both ventures aided our financial standing.

Three seniors will leave this year, and Norman Jason will automatically fall into the presidency. We, the seniors to leave, wish the Student Council of Cohasset High School all the success in the years to come.

THE LIBRARY CLUB

This year the Library Club has a larger enrollment than in any other year. There are twenty-four members from the Junior High and thirty-three members from the Senior High, making a total of fifty-seven members. Others would like to take part in this worthwhile club, but their full schedules do not permit.

Under the direction of Miss Fay, the students learn to run a library properly and efficiently. Some students devote as many as four periods a week to the Library Club.

At the beginning of the year the club members elected the following officers: Meredith Parsons, President; Nancy Coggan, Secretary; Richard DeCosta, Treasurer.

The Class of 1953 hopes the Library Club is just as successful next year as it has been this year.

THE NATIONAL HONOR SOCIETY

Since 1947, Cohasset has had a chapter of the National Honor Society. The purpose of the society is to bring recognition to the students who maintain high standards of scholarship.

On March tenth of this year, at an assembly attended by the student body, the parents of the new members and the faculty, the girls of the Hingham Chapter of the National Honor Society, with their sponsor, Miss Doris Cushing, introduced nine new members into our Osgood Chapter.

From the senior class the new members were Walter Dow, Richard DeCosta, Katherine Pagliaro, Grace Saprito, and Carl Hoss. From the junior class four new members were elected. They were Ann Revelle, Hans Koehler, Meredith Parsons and Doris Jason.

LE CLUB LAFAYETTE

Le Club Fayette is primarily an organization for students taking French, but anyone interested in the aims of the club is cordially invited to join. Organized during World War II to help a family and an orphanage in Paris, Le Club Lafayette has sent many bundles of food and clothing to them in Normandy. The recipients are very appreciative as their warm letters and gifts show.

Le Club Lafayette started the school year by sending a Christmas box to Hopital Hospice St. Vincent-de-Paul. On December 18, 1952, we had our annual Christmas party, but because of the absence of Miss Reed, our advisor, we were unable to have the candle lighting ceremony. Recently we received a set of paintings done by two boys in the orphanage.

The officers of the club are Ann Revelle, President; Richard DeCosta, Vice-President; Hope Truesdell, Secretary; Meredith Parsons, Treasurer. The following people are members: Janice Cowdrey, Patricia Grassie, Marcia James, Judy Tilden, Barbara Welch, Nicholas Buckeridge, Richard Conley, Walter Howe, Russell Pratt, Bernard Sweeney, and Edward Wadsworth.

On account of the limited number of meetings this year the French Club has had difficulty in accomplishing as much as it had hoped. However, we feel that in 1953 it will be better able to continue fulfilling its aim.
